### **BAA Fellowship Show 2021 Call for Art**

Berkshire County college art majors are invited to apply for the 2021 juried **Berkshire Art Association Fellowship Show**. \$5,000 in fellowship grants will be awarded to college art majors whose work is selected. Submission information can be found at [baafellowship2021.artcall.org](http://baafellowship2021.artcall.org)

**The Fellowship Show is open to Berkshire County residents enrolled as art majors at any college in the country, as well as to non-residents majoring in art at a Berkshire County college – Berkshire Community College, MCLA, Williams, and Simon’s Rock.**

BAA President Mary Beth Eldridge writes, *“We’re pleased to work with the Berkshire Museum to provide college students with Berkshire connections a rare opportunity to show their work in a juried, group show. We know that during this pandemic, many students have found themselves isolated, challenged to gather supplies and media to pursue their work, and hope to lend real support with our fellowship grants.*

The **Berkshire Art Association Fellowship Show 2021** will be presented virtually this April under the auspices of the Berkshire Museum. Details on the April show and awards event will be shared on Berkshire Museum and Berkshire Art Association websites and social media.

The BAA board plans to award at least \$5000. The BAA Fellowship is funded in part by the Norman and Rose Avnet Fellowship Endowment and private donations. Additionally, local artists support the Fellowship through their 10x10 inch art donated to the 10x10 RAP (Real Art Party) at the Berkshire Museum. **10x10 RAP 2021** will be held virtually on **Thursday, February 18, 2021** as part of the **City of Pittsfield’s 10x10 Festival**.

The call will open on Friday, January 8, and close on Sunday, February 21, 2021 at 11:59 pm. Submission will be through [baafellowship2021.artcall.org](http://baafellowship2021.artcall.org).
